Education

Kumaun University Nainital
Bachelor of Computer Applications

Aug 2022 – Jun 2025

Experience

Freelance Web Developer | *Full Stack Developer*

Oct 2025 – Present

- Designed and developed multiple PHP-based web applications including a movie streaming website, music player, and school SaaS platform.
- Worked extensively with PHP, MySQL, JavaScript, Bootstrap, and React.js for creating responsive, dynamic websites.
- Deployed and maintained live projects on free.nf and other hosting platforms.

XyneroTech Solutions | *Full Stack Developer Intern*

Jun 2025 – Sep 2025

- Built and deployed a Household Services Booking Platform using Node.js, Express, MySQL, and React.js with Tailwind CSS. Developed full-stack web applications using .NET, React for creating robust backend API and business logic.
- Developed secure authentication APIs (JWT-based), service listing, and admin panel for managing bookings.
- Integrated Razor-pay payment gateway for seamless online payments.

Projects

RoboThink Lab (SaaS for Schools) | *PHP, MySQL, Tailwind CSS (Freelance Projects)*

- Created a school management SaaS platform for robotics and technology education.
- Features include admin dashboard, teacher management, and school submissions review system.
- Hosted live at robothinklab.com

The Royal Food | *PHP, MySQL, Bootstrap (Freelance Projects)*

- Developed a responsive restaurant website for displaying menus and food categories dynamically using PHP and MySQL.
- Added interactive UI with hover effects, animated banners, and categorized sections for an engaging experience.
- Optimized for performance and SEO, ensuring fast loading and mobile responsiveness across devices.
- Hosted live at theroyalfood.in

Household Services | *Node.js, React, MySQL (Internship Projects)*

- Full-stack web app for booking home services (plumbing, cleaning, repair).
- Includes user authentication, booking management, and payment integration.

Technologies

Languages: HTML, CSS, JavaScript, PHP, MySQL, C, C++, Python, Java

Frameworks/Tools: React.js, TailwindCSS, Bootstrap, Node.js, MySQL, Git, Github, Razorpay API

Specialties: Full Stack Web Development, API Integration, Database Design, Responsive UI

Relevant Coursework

- Web Development
- Database Management Systems
- Object-Oriented Programming
- Full-Stack Development
- Software Engineering
- Data Structures and Algorithms

Certifications

- Technology Job Simulation (Forage) by Deloitte.
- Web development Course (MERN) by Code with harry
- Responsive Web Design --- freeCodeCamp
- MS Office 365
